

Schoolprospectus

Dear Parents and Guardians,

This school prospectus has been written to give you a description of the International School Twente, the education we offer, our vision, expectations, and ways of working, and why we think that our school is a good choice for your children.

After a short explanation about our school you will find information about:

- what children learn about at our school;
- the care of our children;
- what parents and school may expect of each other;
- the standard of our education.

The prospectus not only gives practical information but also links to the school development plan.

We hope that you will enjoy reading this prospectus.

If you have questions or ideas about the prospectus or suggestions for improvement, then we would like to hear from you so that we can work together to continue to develop the quality of education that we offer.

You can contact the co-ordinator or the teachers of the IST about this matter.

Astrid Hofstede

Principal Prinseschool Staringstraat & International School Twente.
