Classroom arrangement school year 2010-2011

Monday the 23rd of August every class room will have a clear sign.

The temporary class rooms are placed.

This will be a temporary solution.

The goal is to have a small new building attached or close to the current building.

The allocation plan does not allow 2 classrooms being placed next to each other, because of this we have made a two storeys high building.

Play ground

After the summer holiday we will present the plans for our new playground to the children and parents.

The children raised a total of 172,10 euro's with our soda bottle collection.

To all the children: Good job!

We will consult with the children on how to spend the money.

The football area will get a new protected spot.

Design contest

The temporary classrooms are placed.

They look good from the inside.

Everything is new: the halls, the toilet, kitchen and both rooms have Air-conditioning.

The designs can be handed in before October 1st.

A competent, skilled jury, largely made up of pupils, will choose the winners.

Pupils who want to join the jury can enlist with Mrs. Astrid Hofstede by putting a note with their name and group in Mrs. Astrid's mailbox in front of her office.

Miss Marjolein and Miss Stephanie have plans to follow through the chosen plans in the current building.

It sounds promising.

In the appendix you can find drawings of the outside of the temporary build.

Have a great holiday!

The Prinseschool team wishes every one a good Summer holiday.

We hope to see every one in good health and with high spirits on Monday the 23rd of August!

First day of school

Bring and Buy 2010

Thursday is the closure of this school year.

This day the forecast is scorching.

The shadowy places at the play ground are limited.

We decided to forward the bring and buy market because we don't want to expose the children to too much sun after twelve o'clock.

Please do not forget to use sun lotion on your child.

The children in groups 1, 2, and 3 can be picked up from their groups to visit the market with their family.

The children in groups 4-8 can sell their items at this time.

Please bring a blanket to stall the items, the school can not provide tables or chairs or electric power.

The artwork of the children shall also be sold from 11.00 hrs.

We kindly ask you to pay with loose change.

The children have to make sure that they carry enough change for their customers.

The maximum cost of an item is 3 euro's.

The bring and buy market ends at 12 o'clock.

In the last newsletter there were some errors in the dates for our Fridays off.

Below you can find the correct dates for the coming school year.

Friday's off school year 2010 – 2011

We have planned 6 Fridays off:

24th of September

19th of November
